

RESUME

Resume Basics

Format

- ☐ Use simple and consistent design, font, sizing, and spacing
- ☐ Use black or dark, readable ink
- ☐ Format as a PDF

Content

- ☐ Include your contact information and email at the top
- ☐ Don't have to include objective statements
- ☐ Don't need to include references

Resume Basics

Length

- ☐ Keep to one page for business and internship roles, and no longer than two pages for engineering and technical roles
- ☐ Include what's relevant for the specific role
- ☐ Use bullet points with consistent formatting and structure rather than long paragraphs
- ☐ Check for typos!

Resume Basics

For technical and engineering candidates

- ☐ List programming languages at the top
- ☐ List your Github profile or other prominent open source work

Name	Github profile
Email Address	Programming languages
Experience	
Job Title, Company/Organization	May 2017-Present

Student or recent graduate

May 2017-Present

Job Title, Company/Organization

April 2016-May 2017

Job Title, Company

November 2015-April 2016

Leadership and Awards

Education
University, Degree

Education

- ☐ Include all post-secondary institutions you've attended, and all degrees and majors
- ☐ Be sure your most recent education is listed first
- ☐ Include your actual graduation date in the month-year format (for example: May 2017 not Spring 2017)

For current students and recent grads

- ☐ Include your anticipated graduation date in the month-year format
- ☐ Include your cumulative grade point average

Experience

- ☐ List everything in reverse chronological order with your most recent experience first
- ☐ Include your employer, position, and dates employed for all jobs and internships in the month-year format
- ☐ Bullet point descriptions should be concise and clear
- ☐ Streamline bullet points that spill over onto the next line by only 1-2 words
- ☐ Use action words like created, designed, debugged, negotiated, developed, managed, etc.

Experience

- ❑ List metrics and examples
- ❑ Use data and comparisons or averages to provide context

For technical and engineering candidates

- ❑ Include the programming language you used in bold for each project you include

Accomplished [X] as measured by [Y] by doing [Z]

For technical and engineering candidates

- ✔ Increased server query response time by 15% by restructuring API

For business candidates

Grew revenue for small and medium business clients

Grew revenue from small and medium business clients by 10% QoQ

- ✔ Grew revenue from 15 small and medium business clients by 10% QoQ by mapping new software features as solutions to their business goals

Accomplished [X] as measured by [Y] by doing [Z]

Participated in professional development program for high-achieving Black and Latinx talent in tech

Selected as one of 200 participants for an 18-month professional development program for high-achieving Black and Latinx talent in tech

Selected as one of 230 participants nationwide for an 18-month professional development program for high-achieving Black and Latinx talent in tech based on leadership potential and academic success

Optional final section

- ☐ Include involvement in student groups, especially if you have a leadership position
- ☐ Use the Accomplished [X] as measured by [Y] by doing [Z] framework to communicate impact
- ☐ Items to link:
 - Publications
 - Papers
 - Patents
 - Conference presentations
- ☐ Add any other meaningful extracurricular activities or experiences
